## INDICTMENTS CITE CONSPIRACY PLANS

Prominent Irishmen Knew of German Welland Canal Plot, Is Charge.

BUT TWO ACCUSED MEN NOW UNDER ARREST

Move to Blow Up Waterway Held to Be "Military Enterprise" in Interest of Kaiser.

NEW YORK, May 4.—John Devoy, editor of the Gaelic American, and John T. Ryan, of Irish extraction, a Buffalo attorney, are mentioned in superseding indictments handed down here by the federal grand jury which investigated the alleged German plot to blow up the Welland canal. The two men were not indicted, but are alleged to have had cognizance of the conspiracy. Devoy, a leader in this country in the movement for Irish independence, issued a statement saying he would answer the charge editorially in his newspaper.

The new indictments go into the details of the alleged plot and for the first time in pro-German conspiracy cases state that it was aimed to assist the German emperor. The indictments are against Capt. Franz von Papen, recalled German military attaché; Wolfe von Igel, his secretary; Capt. Hans Tauscher, agent of the Krupp in the United States and husband of Mme. Gaski, the opera singer; Alfred A. Fritzen and Constantine Covan, Von Igel and Capt. Tauscher are the only ones under arrest. They will be re-arrested probably today.

**Named as Co-Conspirators.**  
Named as co-conspirators for the first time, but not indicted, are Horst von der Goltz, former major in the army of the Kaiser, and a confessed spy; Carl Tuschendorf, alias Tuckler, and Frederick Joachim Busse. These three disclosed details of the conspiracy to the federal authorities and have been granted immunity in return for their willingness to appear as government witnesses. Tuschendorf and von der Goltz are being detained at Ellis Island, while Busse is being kept in seclusion by federal agents.

The indictments allege that the plot was a military enterprise, and the aim of the defendants was the obstruction of the military operations of the King of Great Britain and Ireland and the furthering of the military operations of the Emperor of Germany by means of bombs, dynamite and other explosives to blow up and destroy the Welland canal, a Canadian waterway.

**Furnished Funds, Is Claim.**  
The charge is made that Capt. von Papen, von Igel and Capt. Tauscher furnished the initiative and funds for the expedition and that Fritzen and Covan were to have been the perpetrators with the assistance of five other men, "German subjects," engaged by von der Goltz in Baltimore in August, 1914. The leaders, the indictments state, furnished the others with automatic revolvers, ammunition, bombs, dynamite and other explosives.

The accusation is repeated that Capt. Tauscher purchased from the local office of the Fox Powder Company 300 pounds of "60 per cent" dynamite to have been used in the work of destruction, and that the explosive was obtained by von der Goltz on Tauscher's written order.

Fritzen, Covan and the others left this city for Buffalo September 14, 1914. It is charged, to carry out the enterprise. A payment of \$200 to von der Goltz by Capt. von Papen on September 1, 1914, it is charged, furnished the money for the trip.

The indictment states that after the arrival of the party in Buffalo von der Goltz attempted to obtain additional funds from John T. Ryan, an attorney, alleged to have been the agent of von Igel.

**Ryan Held Suspicious.**  
Ryan was suspicious and would not assist von der Goltz until he could produce proper credentials. It is asserted. Von der Goltz notified von Igel of the situation, the government charges, and Capt. von Papen's secretary lost no time in getting in touch with Devoy, through whom, it is alleged, he communicated with Ryan.

As a result, the indictments state, Devoy sent the following telegram to Ryan at his office in Buffalo September 16, 1914:

"Party who called is all right. I gave your address. Do all you can for him. Identify him at telegraph office. I will be responsible. Imperfect introduction due to my brother's death and hurry."

Ryan, on the receipt of the telegram, the indictment states, gave von der Goltz \$400. This money was used by the agents of Capt. von Papen to invade Canadian territory, the government charges, for the purpose of carrying out "a military enterprise." The government alleges its case is strengthened by the fact that all of the indicted men are on the rolls of the German imperial army.

## SHAD CATCH FALLS OFF.

Deep-Sea Fish Coming to Market in Plentiful Supply.

While there has been a decided falling off in the catch of shad and herring by the river nets, increased catches of gray trout, croakers and other deep sea fish are reported being made by the coast fishermen. The supply of these varieties of fish has been heavy for the past two or three days and this morning croakers were selling at 33c

barrel and trout brought from \$4.50 to \$5.50 per barrel, according to size.

The powerboat Princess Virginia, which has been employed in bringing shad and herring from the nets in the vicinity of Coan river to the market here, has cut out for the season and will return to her home port on the lower river. Laden with the first cargo of barreled herring and canned roe to come here this season, the schooner E. P. Evans is lying at the 11th street wharf to unload. The fish come from the packing houses on Coan river and are from this season's catch.

## LORIMER IS ACQUITTED

Former Senator Says He Will Earn Money to Pay Depositors What They Lost by Failure.

CHICAGO, May 4.—William Lorimer, former United States senator, who last night was acquitted of charges of embezzlement and conspiracy to defraud in connection with the failure of the La Salle Street Trust and Savings Bank while he was president of the institution, said he would start out today to accumulate money with which to reimburse depositors who lost by the failure.

The case had been on trial for seventy-nine days in the superior court of Cook county and was given to the jury last night. After more than six hours' deliberation the jury rendered its verdict shortly after midnight.

A federal indictment charging misapplication of the funds of the La Salle Street National Bank, which later was denationalized and became the La Salle Street Trust and Savings Bank, is pending against Mr. Lorimer. United States District Attorney Cline said he would take no action in the matter until next fall.

Lorimer's defense in the case just closed was that although he was president of the bank, C. B. Munday, its first vice president, was in active charge, and that the crimes of which he was accused were committed by Munday. The latter was convicted last November on charges similar to those of which Lorimer was acquitted, and was

sentenced to five years in the penitentiary.

In his instructions to the jury, Judge Dever said separate verdicts must be returned on the charges of whether Lorimer had been guilty of conspiracy to defraud and embezzlement. He was declared not guilty of both charges.
